the religious community
in support of
reproductive health and justice

who are we?

We are Kentucky's state affiliate of the national Religious Coalition for Reproductive Choice, an interfaith alliance of national mainstream religious organizations dedicated to ensuring access to reproductive health care and achieving reproductive justice.

Our purpose is to ensure access to family planning, other reproductive health services (including medically safe abortion) and comprehensive sexuality education. Planning one's family is a fundamental right and a key factor in determining the physical, social and economic health and well-being of individuals, their families and their communities.

Mainstream religions teach that reproductive choice can be a moral, ethical and religiously responsible decision, and we believe that government must never mandate the tenets of one religion.
